Dear City Council:

We have just finalized arrangements for a meeting with two representatives from Nustadia Recreation. These gentlemen are joining us from Toronto and Calgary to present information on the development of multiplex facilities, having completed various projects across the country from New Brunswick to B.C.

Their specialty is generating financial models based on community needs and the identification of options for financing community projects.

Since Council is planning upgrades to the Civic Centre and considering a new curling facility, would it not be prudent to carefully examine the cost-effectiveness of all the options with experts in the field before proceeding with major expenditures?

To this end, we invite all of you and appropriate members of the administration to the meeting Tuesday March 15 at 7pm at the Hospitality Suite of Temple Gardens Mineral Spa.

Sincerely,

Paul Beesley
